MOUNIKA PAIDI

Visakhapatnam, Andra Pradesh, 530011

Internship

Software Engineering Job Simulation

Feb 2025 - Mar 2025

Goldman Sachs (Virtual Internship)

- Designed and optimized relational databases for efficient data storage and retrieval.
- Implemented scalable and robust software solutions following industry best practices.
- Worked with large datasets, performing data cleaning, transformation, and analysis.
- Applied algorithms and data structures to enhance system performance.

Advanced Software Engineering Job Simulation

Jan 2025 - Mar 2025

Walmart Global Tech India (Virtual Internship)

- Implemented advanced data structures to optimize performance and scalability.
- Designed modular and scalable solutions following best software architecture patterns.

Projects

TechFluence | HTML, CSS, JavaScript, Bootstrap

Feb 2025 - Mar 2025

- Developed an e-commerce platform wherein users can buy numerous products such as electronics, clothing, and more.
- Offers dynamic MongoDB data, responsive design, pagination, REST APIs, and authentication.
- Applied MERN stack knowledge successfully to create a fully functional MERN stack website.

Website Link: https://techfluence.tech/

PepperMate / PHP, MySql, HTML, CSS, JavaScripts

Oct 2024 - Dec 2024

- Designed and developed a food ordering web application focusing on an intuitive user interface.
- Implemented Firebase for real-time database and authentication services.
- Ensured responsive design for seamless functionality across different devices.
- Github Repository Link: github.com/Mounika/PepperMate

Certificates

Jun 2024 - Jul 2024 **Java Programming Certification**

CipherSchools — <u>cipherschools.com/certificate</u>

Programming in C++: A Hands-on Introduction Jan 2024 - Feb 2024

Coursera — coursera.org/account/accomplishments

ChatGPT Advanced Data Analysis Apr 2024 - May 2024

Coursera — coursera.org/account

Dynamic Programming, Greedy Algorithms Feb 2024 - Apr 2024

Coursera — coursera.org/account/accomplishments

Technical Skills

Languages Java, JavaScript, PHP

Technologies/Frameworks: HTML, CSS, JavaScript, Bootstrap, ReactJS, MySQL, MongoDB, GitHub, Ubuntu

Skills: Data Structures and Algorithms, Responsive Web Design, Figma, Wireframing, Prototyping

Education

Lovely Professional University Punjab

2022 -present

Computer Science and Engineering — CGPA: 7.01 Jalandhar, Punjab

Sri Chaitanya jr college

2020 - 2022

12th — Percentage: 89% Vizag, Andra Pradesh

Dr.k.k.r Gowtham School

2016 - 2020

10th with Science — CGPA: 8.0 Vizag, Andra Pradesh
